

# Copperfield Homeowners Association Board of Directors 2017 Election

## RULES & PROCEDURES

It's time for the annual electoral process in Copperfield. This year, residents will be electing three Directors to fill the positions currently held by Amy Duck, Brian Schmidt and Shawn Wilkie. Candidate introductions/resumes can be found in the September newsletter. As a reminder, the election policy for Copperfield requires the following (to view the policy in its entirety, please visit the "Downloads" page of copperfieldky.com):

- There will be ONLY ONE ballot accepted per household.
- The household must be classified as being "In Good Standing" with the CHA and "Current" on all dues & assessments.
- Households can vote for either one, two or three of the candidates running for office.
- Any ballot with more candidates selected than open positions will be considered a "spoiled" ballot and cannot be counted.
- Any ballot that is deemed unreadable by those tallying the ballots will not be counted.

- The ballot must include the household's family name, address or lot number, and a signature.
- Ballots without signatures are considered invalid and will not be counted, unless submitted via email.

Ballots may be acquired in several ways. Printed ballots are available in the plastic box on the porch of the Clubhouse. You may also print a ballot from the "Documents" section of NextDoor, or from the "Downloads" page of the copperfieldky.com website. These printed, signed ballots may be submitted to the locked ballot box at the Copperfield Clubhouse, or mailed to: Copperfield Homeowners Association, PO Box 43147, Louisville, KY 40253. Alternatively, residents may email selections to [hotline@copperfieldky.com](mailto:hotline@copperfieldky.com) with "2017 BOARD ELECTION" as the subject line. (Remember, emailed ballots must still include the household family name, household address or lot number, and the name(s) of the 1, 2 or 3 candidates for whom you are voting.) Regardless of submission method, ballots received after 7:00 pm on October 9, 2017 will not be counted.

Thank you for your participation in this process.
